Germany**

Dear President and members of Unitheum

It was good to meet with you and learn about your exciting International Interfaith project Unitheum at the URI-Europe Conference in Antwerp.

We regret that we have not been able to get in touch with you because of a whole range of other commitments which seem to have come our way and not because we are not interested in sharing your vision. As a matter of fact the more we have thought about the centre, the more we feel drawn towards this wonderful symbol of unity of faith, manifested in the diversity of religious traditions.

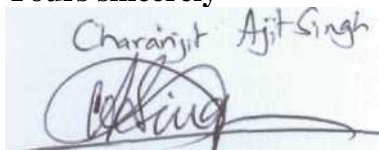

Our sacredmost Sikh shrine, Sri Harimandir Sahib, more popularly known as the Golden Temple, is a symbol of inter-religious understanding. Its foundation stone was not laid by the Sikh Guru of the time, Guru Arjan but by a Muslim holy man Mian Mir, at his behest. Its open doors in all directions are a welcome sign to humanity everywhere.

The URI UK, Sacred Space project envisions the environment of a place of worship and reflection and for the people of faith to meet and share the unity of religious ideals, which are precisely the aims of the Unitheum Project.

Therefore, we welcome the establishment of UNITHEUM as a centre, where people from different faith traditions or none, can gather and dialogue and create opportunities for mutual understanding, living in harmony with each other and strive for a better, peaceful and a more equal and just world.

We wish you the very best in your endeavours to bring your vision into reality. Our prayers are always with you.

Yours sincerely
